

A romantic scene of a couple in a wooden canoe on a calm lake. The man is at the front, rowing, and the woman is seated behind him. They are both dressed in formal wedding attire. The background is a dense forest of evergreen trees, and the sky is a soft, warm orange from the setting or rising sun. The water is still, reflecting the couple and the surrounding forest. The overall mood is peaceful and intimate.

## IMAGINE SAYING “I DO” WITH NATURE AS YOUR WITNESS

Nimmo Bay specializes in crafting personalized elopement and vow renewal experiences. We'll ensure that every moment is as unique as the love story that brought you to the wilderness. Whether you envision an intimate exchange of vows on a secluded rocky shore, a helicopter ride to a glacier top altar, or a ceremony amidst the calm of the rainforest, Nimmo Bay will turn your wildest dreams into a reality.

So many couples miss out on the intimate moments when they host a large wedding. Your wedding day is the kick-off to the rest of your lives, a vow that you're making to each other. Why not book an experience simply for the two of you? Leave the crowd behind and connect without the distractions, expectations, and pressure of a large party. Elope, a smaller second wedding, or a vow renewal, just for 2, is a magical way to mindfully begin or continue a married life.

For the adventurous couple, Nimmo Bay offers a plethora of activities. From heli-fly-fishing and bear watching to kayaking through the inlets and bays of the West Coast of Canada. Our experienced and intuitive guides ensure that every moment is filled with excitement and wonder. You'll create memories that will last a lifetime.

For those seeking relaxation and intimacy, our resort amenities and wellness options are a luxurious retreat. Imagine soaking in a 2-person hot tub on a floating dock, surrounded by the sounds of nature and breathtaking views. You're left alone with a bottle of bubbly and a radio, with the power to decide when you'd like to come back. The floating hot tubs and saunas set the stage for a romantic day like you've never imagined.

The team at Nimmo Bay must be mind readers!

When we decided to get married and have our honeymoon at Nimmo Bay we didn't exactly know what we wanted or how we wanted our trip to play out.

We fell in love with the idea of eloping in the wilderness and having our ceremony on a floating dock. From that small spark of a concept, the team at Nimmo Bay designed the most magical experience that perfectly married (pun intended) our desire for privacy to exchange our vows and a totally unique location that we will remember for our entire lives. We didn't want our marriage to be a whirlwind that we couldn't enjoy or remember because it was so busy. We had been to so many weddings that were beautiful but felt like they were for everybody other than the couple getting married. We wanted to slow down and enjoy it. Deciding to extend our stay and make Nimmo Bay our honeymoon spot too was the best decision. We turned our elopement into the most romantic week-long stay that allowed us to forget the world and embrace just being together.

I

cannot imagine a more amazing place to tie the knot and I am so grateful that we trusted the team at Nimmo Bay.

I wish we could get married every year!
